## Microphone configuration for AMILO with Realtek HD Sound chip and Vista

Issue 10.10.2007 Category Configuration paper Content Microphone 1.0 Use External Pages 2

We recommend the following configuration for optimum microphone quality.

Right mouse click on the Windows Loudspeaker Icon in the Taskbar, and goto *"Recording Devices"*. Open Volume Mover Playback Devices Recording Devices Sounds

Double click on "*Speakers*" in the register tab "*Playback*".

Goto register tab *"Levels*" and enter the following settings:

- 1. Set "Microphone" level to 95%.
- 2. Activate and deactivate the Microphone (important).
- 3. "PC-Beep" and "Rear Green In" must be disabled.

Realtek HD Audio o	uput 0 T	70	galance		Realtek HD Audi	o output ()	1	70		
PC Beep	0	100	Balance	ń.	PC Beep	-0		100	4.	
Microphone	0- 1	95	Balance	_	Microphone	0-	1	95	•	
Rear Green In		24	Galance		Rear Green In		1	24	40	ļ
Rear Pink In		24	Salance		Rear Pink In		T	24	40	1
